

Latin Fusion Dance Project Travels to Cuba Supporters Package

Join Latin Fusion Dance Project on a trip of a lifetime! Dive deep into all that Cuba has to offer -- all while witnessing our team transform before your eyes.

Join our team in Cuba this January and see the island in a profound and powerful way!

Experience Cuba through the eyes of its dancers -- I went on this trip on my own last year and it was an absolutely life-changing experience for me. The organizers design the program to fulfill all current US government requirements, and they monitor any changes in laws, keeping the program always in compliance, so you don't have to worry!

More on the Program

This tour is the most popular program for the artist, the traveler, and cultural enthusiast alike -- designed as a special blend of people-to-people exchanges and workshops allowing each participant to explore Cuban arts and culture from every angle. It includes amazing opportunities for dance, music, and photography workshops tailored to your level and experience as well as exciting exchanges with artists and entrepreneurs throughout the island.

Tour Highlights

- Experience all that Cuban nightlife has to offer -- dance the night away with some of the best social dancers from around the world and witness their breath-taking performances.
- See Cuba before it changes forever! Catch the island while it has a foot in both worlds ... journey among the artifacts of a forgotten time and experience how the island is looking towards the future.
- Get off the beaten path and connect with the local dancers from all over the city -- meet with them in their homes, workplaces, and their favorite hot spots. You will get to know them & learn about their daily lives.

MetaMovements Cultural Connections Travel Programs

SPECIAL SUPPORTERS PACKAGE:

A portion of your price will go towards members of Latin Fusion Dance Project to help the entire team realize their dream of training together in Cuba and making a positive difference on the island! In past arrangements like this one, supporters have been elated to not only provide the opportunity for a dancer to train and improve their skill sets but also to witness and participate in it first hand. You'll get to see our team transform over the course of their training-- culminating in a show on the island -- all while having great additional activities to have a transformational trip yourself!
